

HAPPY 50TH ANNIVERSARY

Greetings!

The question of the day is "Where were you 50 years ago today?" I know where I was and I know I was cold and wet and we were enduring the worst snow storm of that particular winter. If you were with me in Boston on Jan.8, 1966, then join with me now and say "Happy 50th Anniversary USS Wainwright"! Also, please join me and many other fellow shipmates in Charleston, SC. this coming July to celebrate this very special date as well as the 30th anniversary of the USS Wainwright Assoc. This is the biggest anniversary date we probably will ever celebrate with our group. Please be a part of it. Until then, smooth sailing and God bless you. Ken Merrifield (RM3)
